

Stranded Color Work Practice Swatch

Materials:

16" Size 6 circular needles Small amount of worsted weight yarn in two colors

Instructions:

- 1. Cast on 81 stitches in your main color (white in my example below).
- 2. Make sure your stitched aren't twisted. Slip the first stitch onto your right needle and drop off the second stitch over the one you just slipped in order to join in the round. You should have 80 stitches on your needles.
- 3. Follow the chart, starting with the bottom right corner. Repeat the chart 2 times per row. The first row will be knit in your main color. When you get to round 12, remember to carry your floats. More information about how to knit double stranded color work is available at www.cushionofjoy.com.
